

Coldwater Shuffleboard Special Needs Players Banquet

Coldwater Shuffleboard Club hosted a year end luncheon banquet for the "Special Needs Players" of the Club on Sept 11. The group joined the Coldwater Shuffleboard Club 4 years ago and their skill levels have increased to a competitive level. But first and foremost the group are there to have fun and fellowship. President George O'Reilley said he was pleased with the level of play these members exhibit and looked forward to having each and everyone back next season. The president awarded each player with a trophy with the player's name on their individual trophy. A cake was supplied by the group with special decorations and special speeches were given by the players to say thank you to the Coldwater Club and the volunteers who come out each week to see that these players needs are taken care of and that they are having a good time.

The Coldwater Club are having their AGM and year end Club Banquet on Sept 13 and once again it will be catered by the ever popular ELM Catering with Larry Lalonde and his staff. The Coldwater Club had another very successful year with over 130 regular members playing every Tue and Thur afternoon.
