

OSA WEBMASTERS REPORT FOR 2024 AGM

First of all I want to thank Evan Engell for stepping up and really doing a LOT of work on our website. He made all the changes that you may have noticed over the past few weeks and months. Evan is a fully-fledged website 'Admin'!

2023 was a busy year for the website, with well over 16 thousand "Views" – more than doubled since 2020, as shown below. This is encouraging. It implies that more people are making use of the website more often. But I must note that the number of "Posts" (news items etc. on the main page) decreased slightly over the past year. However, I'm sure that Evan will make a big difference to this statistic – Monthly figures show a steady increase! As always, we welcome additional items to post, and thus help make the website better at promoting shuffleboard! Anything with one or more pictures is especially interesting!

YEAR	2020	2021	2022	2023
POSTS	25	26	65	58
IEWS	7,416	8,907	16,715	16,876

I welcome any suggestions from OSA members, and any offer to help, or send us some news! For example, Durelle Kowacz kindly sent us results of the Tweed shuffleboard tournament way back in June 2012. To find this post go to the OSA website (shuffleon.org) and type "Tweed 2012" into the search box and press Enter and Continue reading. Others have contributed as well, and I always try to give credit to the author who has gone to the trouble of sending in information I can put onto the website. These contributions are much appreciated!

Thanks to Evan's help, the website has been getting a major facelift and I'm sure there will be further improvements! We hope you like it! Let us know!

To close, I will just say "Good Shuffling" to you all.
Bill Boyes (Shuffleboard Bill), your webmaster since 2010!

Respectfully,
Bill Boyes
